AI Future

The AI Future Forum is a unique expert platform entirely dedicated to the synergy of two of the most groundbreaking technologies of our time: artificial intelligence and blockchain technology.

The event will be held on December 1–2 in Dubai, at the same venue as the Blockchain Life Forum.

«Today, the crypto market is rapidly shifting toward AI. At AI Future, participants will be the first to see solutions that are shaping the synergy between blockchain and AI technologies».

– Sergei Khitrov, founder of Blockchain Life, Listing.Help and Jets.Capital.
